

## Practice Information

### Practice Hours

Monday	8:30am - 5:30pm
Tuesday	11:00am - 8:00pm
Wednesday	8:30am - 5:30pm
Thursday	8:30am - 5:30pm
Friday	8:30am - 4:30pm

Saturday morning hygiene sessions are available one Saturday per month.

### Dental Emergencies

If you have a dental emergency please telephone the practice as early as possible and we will endeavour to see you the same day. Out of hours please telephone the practice and a recorded message will give you further instructions.

### Appointments

If you need to cancel an appointment please inform us at least 24 hours in advance so we can reallocate the time. Failure to do so may result in a fee being charged.

### Payment Options

We accept cash and credit/debit cards. Payment is required in full at each appointment. If you prefer to spread the cost of your routine dental and hygiene care, we offer a range of monthly payment plans. These plans are an easy way to spread the cost of routine treatments with affordable monthly instalments all treatment options come with a written treatment plan.

## Our Dental Plan Membership from £12.00 a month

### Let us look after you

We are pleased to offer Edinburgh Dental Studio Practice Membership, which offers a unique package of benefits to our patients and is designed to help spread the cost of preventative dental care with convenient monthly payments.

### Why should I become a member?

Membership ensures you have access to quality dental care, offers you a simple, flexible way to pay for your dental care and is designed to encourage you to visit us regularly.

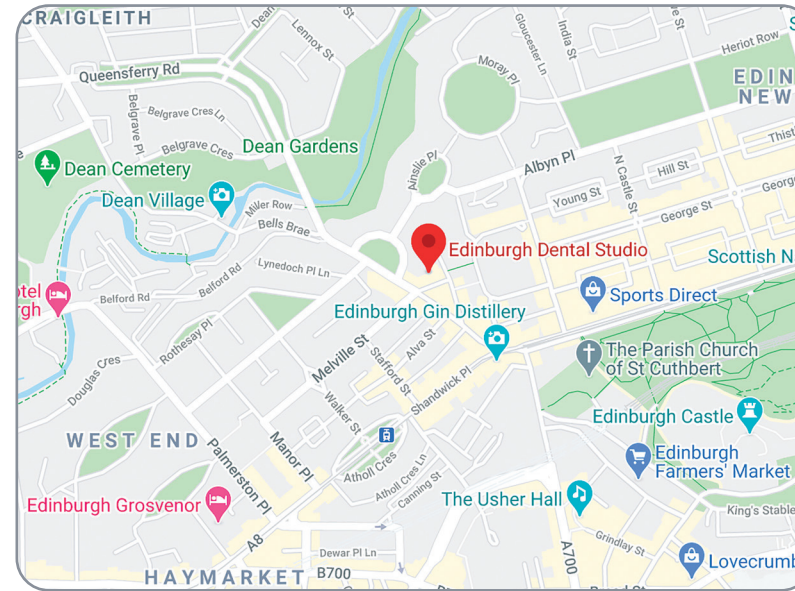

### Regular visits will mean:

- Regular hygiene appointments therefore healthier gums
- Prevention techniques to reduce decay
- Early diagnosis of problems which will mean less complex and less expensive treatment.

### As a member you will receive the following unique package of benefits:

- Spread the cost of regular visits with convenient monthly payments
- A 20% reduction on additional work you may need
- Unique dental health assessments – the right package of preventative therapy based on your clinical needs
- 1 or 2 dental health checks and up to 4 hygiene visits a year
- Routine simple x-rays
- Guaranteed same day appointments in cases of emergency for all members
- Dental Emergency Assistance Support
- Dentist-led out of hours service
- Regular advice and updates by email, blog and on Facebook

## How to find us

We are located in the prestigious West End of Edinburgh, close to the city's major financial institutions and Princes Street, the main shopping area. We enjoy excellent public transport links, including the new tram system.

## Our Treatments

### Tooth Straightening

The most up-to-date tooth straightening treatments are available here at Edinburgh Dental Studio including Invisalign® braces, which are virtually unnoticeable and the results are amazing. It's never too late to straighten your teeth – treatment can be carried out on children and adults of all ages.

### Teeth Whitening

Teeth whitening is a successful and simple method of lightening the colour of your teeth. The whitening technique removes the staining agent that has penetrated deep within the tooth.

### Composite Bonding

This treatment is where composite tooth coloured material is bonded to the edges of your teeth. Often no preparation of the tooth, or anaesthetic is required. Composite bonding can help with chipped, worn, or misshapen teeth. It can also help if you have mild spacing between teeth.

### Veneers

Veneers provide a wafer thin covering to hide discolouration on teeth and close unsightly gaps, often with little work being needed on the tooth itself.

### Crowns & Bridges

We can cover unsightly teeth with crowns, and spaces between teeth can be filled using bridges. Advances in ceramic technology allow these teeth to appear more natural and black lines around gum margins are less likely to occur.

### Hygiene Services

Visiting our hygienists regularly is important to monitor and maintain good oral health and anticipate problems which may arise. We will professionally clean your teeth (scale and polish) and offer a program of oral care which is appropriate to your needs and lifestyle.

*If you are concerned about any aspect of your smile or would like to learn more about any of the treatments mentioned above please speak to a member of our team*
